PEFINDO has affirmed its idA+ rating with stable outlook to PT OKI Pulp and Paper Mills (OPPM). PEFINDO has also affirmed its idA+ ratings to OPPM's Bond I Year 2021, Bond II Year 2022, Bond III Year 2022, Shelf Registered (SR) Bond I Year 2023, SR USD Bond I Year 2023, SR Sustainable Bond I Year 2023 as well as its idA+(sy) ratings to the Company's Sukuk Mudharabah I Year 2021, Sukuk Mudharabah II Year 2022, and SR Sukuk Mudharabah I Year 2023. The corporate rating reflects OPPM's very strong market position, vertically well-integrated operations, and strong profit margins. The rating is constrained by its moderate financial policy amid its massive capital expenditure plans as well as exposure to price volatility of products and raw materials.

The rating may be raised if OPPM successfully exceeds its projected revenue growth as well as maintains its strong profit margins, which will improve its financial profile. The rating may be lowered if the Company's financial profile deteriorates as a result of weaker revenue or profit margins, or if OPPM incurs higher debt than anticipated to support its capital expenditure (capex) plan.

OPPM is a member of the Asia Pulp and Paper (APP) group, a leading pulp and paper products manufacturer in the global market. Its mills are located in Ogan Komering Ilir (South Sumatera). As of March 31, 2024, its shareholders consisted of PT Pindo Deli Pulp and Paper Mills (49.08%), PT Pabrik Kertas Tjiwi Kimia Tbk (49.08%), and PT Muba Green Indonesia (1.84%).

Rating Definition

Debt security rated idA indicates that the issuer's capacity to meet its long-term financial commitments on the debt security, relative to other Indonesian issuers, is strong. However, the issuer's capacity is somewhat more susceptible to adverse effects of changes in circumstances and economic conditions than higher-rated issuers. The plus (+) sign indicates that the rating is relatively strong within its category.
