The above ratios have been computed based on information from the company and published accounts. Where applicable, some items have been reclassified according to PEFINDO's definitions.

### Askrida rated "idA" with stable outlook

PEFINDO has assigned its "idA" financial strength rating to PT Asuransi Bangun Askrida (Askrida). The outlook for the rating is "stable".

An insurer rated idA has strong financial security characteristics relative to those of other companies in Indonesia, but is somewhat more likely to be affected by adverse business conditions than insurers with higher ratings.

The rating reflects Askrida's strong synergy with its shareholders, sound liquidity, and above average capitalization. However, the rating is constrained by the Company's modest operating performance due to a high loss ratio and intense competition in the non-captive general insurance market.

The rating may be raised if PEFINDO sees a sustainable and consistent improvement in its business position, along with a significant enhancement of its financial profiles. Conversely, the rating may be lowered if its business position in its captive market weakens significantly, or if it suffers a considerable deterioration in capitalization or operating performance.

Established in 1989, Askrida is a general insurance company focusing on its captive market in credit insurance for regional development banks (BPDs). It also offers a wide variety of general insurance services, such as coverage for property, motor vehicles, surety bonds, personal accident, cargo, and miscellaneous items. Shareholders comprised 51 entities, including several BPDs, BPD pension funds, BPD employee foundations, and regional governments (Pemda). Its three largest shareholders as of September 30, 2021 consisted of Pemerintah Provinsi Sumatera Barat (16.4%), Dana Pensiun PT BPD Jawa Barat Banten (13.7%), and PT BPD Jawa Barat dan Banten Tbk (10.1%).
