Lembaga Penjamin Simpanan rated "idAAA" with stable outlook

PEFINDO has assigned its "idAAA" rating to Lembaga Penjamin Simpanan (LPS). The outlook for the corporate rating is "stable".

A guarantee provider rated idAAA has superior financial security characteristics relative to those of other companies in Indonesia. idAAA is the highest guarantee provider financial strength rating assigned by PEFINDO.

The rating reflects LPS' sovereign status, key public policy role in maintaining banking stability, strong regulatory framework, and superior liquidity position and financial flexibility. The rating is constrained by its moderate capitalization profile.

The rating may be lowered if LPS loses its sovereign status through the revocation of its establishment law, or if its key role of insuring bank deposits to maintain Indonesian banking system stability is significantly reduced. We consider both instances highly unlikely in the foreseeable future.

We expect Covid-19 to have a minimal impact on LPS' credit profile, mainly due to the relatively stable banking system in Indonesia. LPS carries an important public policy role as the only government institution to insure bank deposits, and this role was expanded by Law No. 2 Year 2020 on the stipulation of regulation of the government in lieu of Law (Perpu) No. 2 of 2020 on the Policy of the State's finance and the stability of the financial system for the mitigation of Coronavirus Disease 2019 (Covid-19) pandemic and/or handling of potentially harmful threats to the national economy and/or the stability of the financial system.

LPS is an independent government institution established by Law No. 24/2004. Its role is to maintain banking stability by providing deposit insurance coverage of up to IDR2 billion per person, per bank. It reports directly to the Indonesian president.
